

Bright Beginnings lead to Bright Futures

Media Release

FOR IMMEDIATE RELEASE

CONTACT: Kim Henderson, Public Relations Contact 219.877.4924

Bright Beginnings Academy located at 241 W. Hwy 20 (the old Marquette Mall) would like to reach out to all healthcare workers, first responders or any parent in need of daily care for their children.

We have been cleared by the State and Federal governments to keep our doors open as an “Essential Care Facility”. We comply with all sanitation and Health Dept. regulations as well as all CDC measures for COVID-19 safety. We have continued our care to all of previously registered children without any interruption.

At Bright Beginnings Academy, we serve hot breakfasts and lunches to all ages in attendance. We have state certified educators who have all been screened by the Health Dept. and background screened for security clearance.

This is a difficult time for all of us and Bright Beginnings would like to help in ANY way we can to provide our community parents a peace of mind. Your children are our future. At Bright Beginnings Academy, our goal is to produce happy, well-adjusted children who are healthy and secure.

Please contact us at 219.809.9113 with any questions and registration information.
We are here for you!!
