¹ Excluded Expenses
HFL grants may not be applied to certain types of expenses, including underwriting for an organization's annual appeals/solicitations, special events or general fundraising; programs of organizations who limit eligibility to individuals or groups of people based on their participation or membership in a specific religious faith; programs of faith based organizations unless the grant proceeds are used for programs offered by such organization that are offered to individuals regardless of their religious affiliation, race, gender, citizenship status, sexual orientation, age or disability; endowments; lobbying or the support of any political candidate, political party or political activity.
² Employee Benefits and Taxes
Employee Benefit costs must be formalized and consistent within the applicant organization. Employee benefits are capped at 30% of wages and salaries, a complete list of benefits and percentages for each employee included in the budget must be provided.
³ Indirect Costs
A. For purposes of this budget, indirect costs are defined as: general or administrative costs that are necessary to deliver this proposed project/program but that are not readily identified with a single specific activity (i.e. utilities).
B. Indirect costs may not exceed 10% of wages and salaries supported by this grant, excluding employee benefits and taxes.
C. Government agencies requesting support are not eligible to receive support for indirect costs, for projects on which the agency is fulfilling its publicly-defined core mission.
